## Disruption or Evolution?

Without question we live in interesting times, the 15th IPLS has been designed to explore some of the more disruptive influences and opportunities in the life science industry today.

Two days of informative presentations from industry leading speakers, peer to peer networking, one to one meeting opportunities & continuous personal development, all in the world's most popular and dynamic city, Paris.

## Conference Program Includes:

### Contemporary Trends in Pharma Business Development

- Artificial Intelligence
- Medical Cannabis
- Evolution of Business Development Teams

### Aging, a new field of investigation & investment

- The Continuum of Aging & Age Related Diseases
- Aging Opportunities in Pharmaceuticals
- New Therapeutic Advances

### And much more....

### Who should attend:

Business development professionals, Managing Directors, General Managers, Business Owners, Investors, Advisors, Financial, Marketing & Regulatory executives.

## Why you should register

1. The IPLS Paris is an opportunity to candidly discuss pressing issues with your senior industry peers.
2. Using the one to one meeting system you can efficiently meet prospective partners in a cost effective and time efficient manner.
3. Keep yourself updated by attending presentations and seminars highlighting best practice in deal making.
